To the Board of Selectmen, Town of Seabrook, N. H.

Dear Sirs:—I hereby submit my report for the period ending Jan. 31, 1942:

Total number of fires—53.
Building fires—9.
Chimney fires—10.
Grass and rubbish fires—24.
Oil burner—1.
Bridges—2.
Standby for repairs on water system—1.
Automobile—2.
Out of town—4.

This has been the largest number of calls in any year since the Department was formed.

Property has been saved with a value of \$9,000.00, against a loss of \$1,400.00.

Outside help has been called 14 times: Salisbury 6, Newburyport 3, Hampton 3, Amesbury and Portsmouth 1 each. This help has been given willingly and is greatly appreciated by both myself and the townspeople. Help has been sent to Hampton Falls 4 times, for which the Town has been duly reimbursed, for which we are also grateful.

While we probably will not get a new piece of apparatus this year, I recommend appointing a committee to consider this matter.

In closing, I wish to thank again the surrounding towns, the Board of Selectmen, members of the Fire De-

partment and others who have helped us in our work.

Respectfully submitted,

GEORGE A. WEARE,

Chief.

In case of FIRE, CALL 1768.

Report of an Examination and Audit of the Accounts of the Town of Seabrook

STATE OF NEW HAMPSHIRE

Tax Commission

Concord, Dec. 15, 1941.

Mr. Thomas F. Owen, Chairman
Board of Selectmen
Seabrook, New Hampshire

Dear Mr. Owen:

Enclosed herewith are three copies of the report of the audit recently made by this division of the accounts of the Town of Seabrook. Also enclosed is the bill covering the expense incident to this audit. The increase in the cost over that of last year is not due to the fact that more time was required to complete this audit but rather to an amendment passed by the last legislature to the Municipal Accounting Act. Under the provisions of this amendment it is required that one half the salaries of the accountants during the time which they are actually engaged in the audit, in addition to their traveling expenses, be charged to the town. This explains the added cost of this year's audit.

Yours very truly,

HAROLD G. FOWLER,

Director

Division of Municipal Accounting.

DIVISION OF MUNICIPAL ACCOUNTING

State Tax Commission

Concord, New Hampshire

December 10, 1941.

Board of Selectmen
Seabrook, New Hampshire

Gentlemen:

In accordance with the vote taken at your annual meeting in March, 1941, an audit and examination of the accounts of the Town of Seabrook has been made by the division of municipal accounting of the state tax commission, a report of which is submitted herewith. This audit covers the period from October 15th, 1940, (date of previous audit by this division) to November 20th, 1941. Schedules as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

FINANCES

The changes which have taken place during the last ten year period affecting the financial condition of the town as reflected in the Indebtedness, Valuation and Taxes are indicated in Schedule A, a statement of:

Indebtedness, Valuation and Taxes: It will be noted that there was comparatively little change in the amount of assessed valuation and the amount of taxes assessed between the year 1931 (referred to as the fiscal year ended January 31, 1932) and the current year. A slight increase in valuation and a little lower tax levy resulted in a decrease in the tax rate from \$3.39 in 1931 to \$3.25 in 1941. The average tax rate for the state during these same years was \$2.90 and \$3.35, respectively.

Notes and bonds outstanding will have been reduced

from \$18,100 on January 31, 1932, to \$10,000 on January 31, 1942.

Net Debt: Unredeemed and uncollected taxes are not reported in Schedule A prior to the year ended January 31, 1939. This is due to the fact that previously property acquired by the town through tax collector's deeds was included as "unredeemed taxes", thereby making it impossible to obtain accurate and comparable figures.

However between January 31, 1939 and January 31, 1941, a decrease in Net Debt from \$13,211.49 to \$4,880.41 is noted.

A detailed statement of comparative property valuations over a ten year period will be found in Schedule B.

Revenues, Appropriations and Expenditures, 1940: (Schedules C and C-1) An analysis of revenues, estimated and actual, and appropriations and expenditures for the year 1940, is presented in detail in these schedules. A net excess of actual over estimated revenues of \$1,027.21, and a net overdraft of appropriations of \$140.39, resulted in a net budget surplus of \$886.82.

Bonded Debt and Annual Maturities: (Schedule D) Outstanding bonds as of January 31, 1941, amounted to \$12,000. Of this amount \$2,000. was paid in the current year. Annual maturities thereafter amount to \$1,000 a year up to and including 1951. Annual interest requirements are also indicated in this schedule.

It is recommended in this connection that a separate account in the depository bank be set up and designated as the "Town of Seabrook Bond and Coupon Account", against which all maturing bonds and coupons may be charged. Prior to the due date of principal and interest a town order and check should be issued by the selectmen and treasurer and deposited to the credit of this account. This procedure is preferable to the current practise of the bank debiting the treasurer's general account when bonds and coupons are presented for payment.

The importance of continued efforts by the town of-

officials to dispose of property held by the town is again emphasized. The liquidation of such property accomplishes two purposes:

(1) Reimburses the town for accumulated taxes, interest and costs invested therein.

(2) Returns the property to the tax lists.

Tax Collector's deeds should now be taken in cases where no redemptions have been made from tax sales on account of the levies of 1938 and previous years.

TAX COLLECTOR

A summary of the Collector's Tax Sale Accounts for the tax levies of 1940, 1939, 1938, 1937 and 1936 is presented in Schedule G. Detailed lists of unredeemed taxes from sales on account of these levies, as of the date of audit, are included in Schedule G-1.

The Collector's Warrants for the levies of 1941, 1940, 1939, 1938 and 1937, were audited and balanced as of November 24, 1941, as indicated by Schedules H, I, J and K, respectively.

ACCOUNTS OF SELECTMEN AND TREASURER

Vouchers issued by the selectmen during the period of audit were examined as were also the supporting invoices and highway agents' payrolls. The cancelled checks of the treasurer, issued upon orders of the selectmen, were compared with the vouchers and found to be in agreement. The receipts of the treasurer were checked by source, insofar as it was possible to do so. Totals of receipts and expenditures were verified. The treasurer's cash book balance as of November 20, 1941, amounted to \$2,802.95. The reconciled bank balance plus undeposited funds on hand was in agreement with this amount. (Schedules L and L-1).

TOWN CLERK

The accounts of the Town Clerk, including the issuance of motor vehicle permits and dog licenses and collection of

filing fees, were examined. All funds received by the Clerk were accounted for either through remittances to the Treasurer or funds on hand at date of audit. (Schedule M).

TRUST FUNDS

The savings bank books representing the invested principal and unexpended income of the various trust funds were examined.

It is recommended that a surety bond be furnished by the trustees of trust funds. In Seabrook the board of selectmen act in this capacity.

It is also recommended that the funds be deposited in a New Hampshire bank as required by Chapter 42, Section 22, of the Public Laws.

TOWN OFFICERS' BONDS

The surety bonds of the treasurer, tax collector and town clerk, were examined and found satisfactory in form and amount. (Schedule O).

GENERAL COMMENTS

When vouchers and checks are issued to the chief of the police and fire departments covering amounts due to employees of these departments, payrolls should be made out and the signatures of employees obtained thereon. These payrolls should then be filed with the vouchers as in the case of the road agents' payrolls.

Relief orders should be issued in all cases regardless of whether goods or merchandise are purchased locally or elsewhere. The signatures of relief recipients should be secured by vendors on all relief orders upon delivery of merchandise and the signed orders attached to bills when presented for payment. Payment of relief orders not bearing recipients' signatures should be withheld by the selectmen.

Other minor changes in accounting practises were discussed with the town officials during the course of the audit

and suggestions and recommendations made in connection therewith.

Yours very truly,

HAROLD G. FOWLER,
Director
Division of Municipal Accounting
State Tax Commission.

Thomas F. Owen, Chairman
Board of Selectmen
Seabrook, New Hampshire

Dear Sir:

We are filing with the Probate Court of Rockingham County, an account of this company as trustee under the will of Oliver Eaton for the period from December 22, 1931 to December 31, 1941, approximately ten years.

This shows that the trust when we took it over amounted to \$7,600.92 and that we had on December 31, 1941, \$9,929.37. There is also the lot of land in Seabrook which is part of this trust fund, and to which we have not assigned a value.

This return should come up in Probate Court for a hearing on February 10th, and sometime before then I should be glad to meet with you to go over the return if you so desire. I have always had some doubt whether the lot of land is now or ever will be a suitable location for a high school and I should be interested to know how you and the other selectmen view this matter.

A copy of the return which we are filing in the Probate Court is enclosed herewith for such use as you may think proper to make of it.

Very truly yours,

H. E. STRAW,
President.
